#### Select the currency and payment option

1 Enter the amount you want to spend in fiat to purchase cryptocurrency OR simply enter the amount of crypto you want to buy. The transaction fee will calculate automatically. Click the "Buy" button.

2 You will be redirected to the third-party service to perform the transaction.

3 Enter your card details, and confirm the operation. The funds will be debited from the card, and the cryptocurrency will be credited to your account.

Remember to transfer funds from the main account to the trading account before placing orders. You will do it under your account in the Balance tab.
